CLOSEOUT MEMORANDUM

Case Number: A02050034

Page 1 of 1

In May 2002, we received an allegation that a professor had committed plagiarism by distributing an unpublished manuscript that contained his graduate student's data and analysis. The complainant did not provide any evidence but may do so after he graduates. Without evidence to support the allegation, we cannot conduct an inquiry. Accordingly, this case is closed. If the complainant provides evidence in the future, we will assess it.
