CLOSEOUT MEMORANDUM

Case Number: A02070038

Page 1 of 1

In July 2002, the complainant¹ alleged a former graduate student (the subject²) at the University committed intellectual theft when the subject incorporated some of the complainant's company's proprietary ideas into his thesis. The complainant informed us the University had conducted an Inquiry and was currently conducting an Investigation.

We asked the University for a copy of its Inquiry Report and supplementary documentation. That documentation shows NASA, not NSF, provided the subject's funding. Accordingly, this case is closed, and we told NASA OIG about the allegation.
