## CLOSEOUT MEMORANDUM

Case Number: A05-57

Page 1 of 1

A proactive review of proposals for plagiarism identified a proposal<sup>1</sup> that allegedly failed to list all current and pending support (C&PS). A web page<sup>2</sup> described a federally funded project by the subject that was apparently not listed on his C&PS. A closer look at the source document indicated that the funding in that document was quite similar to the first item listed on the subject's C&PS. The source document listed both the Federal agency support as well as the institution's cost share portion. When the two support amounts are added together, it equals the support amount listed in item one of the subject's C&PS. Therefore, it appears that the subject did include all his current support on his C&PS listing and there is no substance to the allegation.

Accordingly, this case is closed.
