

NATIONAL SCIENCE FOUNDATION OFFICE OF INSPECTOR GENERAL OFFICE OF INVESTIGATIONS

CLOSEOUT MEMORANDUM

Case Number: A05080058 Page 1 of 1

As a result of a proactive investigation into plagiarism in NSF proposals, we found a proposal where the co-Pl's (subject) Current and Pending Support (C&PS) form was not complete and was missing two potentially pending proposals to other non-Federal funding sources. However, on further review we identified several mitigating factors including

- The subject was the director of an aquatic center and was frequently listed as a company of the subject was the director of an aquatic center and was frequently listed as a company of the subject was the director of an aquatic center and was frequently listed as a company of the subject was the director of an aquatic center and was frequently listed as a company of the subject was the director of an aquatic center and was frequently listed as a company of the subject was the director of an aquatic center and was frequently listed as a company of the subject was the director of an aquatic center and was frequently listed as a company of the subject was the director of an aquatic center and was frequently listed as a company of the subject was the director of an aquatic center and was frequently listed as a company of the subject was the subject with the subject with the subject was the subject with the subject with the subject was the subject with the
- The pending proposals were mostly focused on supporting center operations of through equipment support and contractual services and supported little if any presearch.

Because of the subject's negligible role in the unlisted pending proposals, we determined that this was the matter need not be pursued any further. Accordingly, this case is closed.
