CLOSEOUT MEMORANDUM

Case Number: A10030024

Page 1 of 1

NSF referred an allegation to us to determine whether an employee¹ had misused NSF's time and attendance system by having someone sign in and out for her. We found no evidence of that, but did uncover possible abuses of the NSF email system (excessive personal use), a possible misuse of her position (allowing someone to use her name and title as a reference when person never worked for her), and other administrative issues. We referred the matter back to NSF to take whatever action, if any, it deemed appropriate. NSF conducted its own review of the matter, with the result being the employee's resignation. This case is closed with no further action taken.
