## CLOSEOUT MEMORANDUM

Case Number: A10090070

Page 1 of 1

We assessed an allegation that an NSF employee<sup>1</sup> improperly accrued credit hours (CH) during 2010. We examined NSF telework and credit hour policies, and then evaluated the Subject's ITAS and timekeeper certification records. We identified four days on which the Subject appears to have improperly earned a small number of credit hours outside of parameters established by NSF policies; these were approved by her supervisor. The small number of credit hours does not justify further action on our part.

This case is closed with no further action taken.
