CLOSEOUT MEMORANDUM

Case Number: A12050033

Page 1 of 1

OIG received an allegation from a University¹ that a PI² of NSF Proposals³ had falsified information on his CV. The University had already conducted an investigation and taken actions to protect University interests. We reviewed the University's report of investigation and found that the actions taken by the university were adequate to protect the interests of the Federal Government. Therefore, this matter did not rise to the level of further review by our office. We sent the Subject a QRP letter, reminding him of the importance of being diligently accurate in all aspects of NSF Proposals.

This case is closed and no further action will be taken.
