Case Number: I0050017

Page 1 of 1

The investigation was initiated from an inquiry¹ that identified potential issues regarding the accounting and reporting of NSF award funds to a non-profit organization.²

As part of the investigation, the organization provided OIG with financial and other relevant information regarding the NSF award.³ We reviewed these records and did not find that further investigation was warranted. However, we identified issues that were deemed appropriate for audit.

We referred our findings to the OIG, Office of Audit, for consideration in future audit planning. Accordingly, this investigation is closed.
