We received an allegation generated from a proactive review<sup>1</sup> claiming a company<sup>2</sup> lacked adequate research facilities and performed the award<sup>3</sup> work out of the PI<sup>4</sup> and Co-PI's<sup>5</sup> residences. Additionally, the company failed to submit a final report evidencing completion of award work.<sup>6</sup> Our investigation revealed that NSF funds were spent appropriately, that the research facilities were adequate and that work was performed.

*No further investigation is necessary, accordingly this case is closed.*
