CLOSEOUT MEMORANDUM

Case Number: I-11070032

Page 1 of 1

We received a complaint alleging that a former NSF Program Officer¹ who had worked at NSF under the Intergovernmental Personnel Act (IPA), claimed to improperly influence an award² to his home institution.³

We reviewed the grant file and found that the proposal was awarded after a peer review panel highly rated the proposal. We also found that conflict between the former NSF Program officer and his home institution was identified and appropriate actions were taken to exclude this individual from actions related to the proposal and subsequent award.

This case is closed with no further action taken.
