Page 1 of 1

This case was opened from a review<sup>1</sup> that identified SBIR awards<sup>2</sup> made to a company<sup>3</sup> that may have been ineligible to receive NSF funding. A preliminary review of company documentation also found potential mischarging of payroll to NSF awards.

We reviewed the company's award expenditures and found no improper expenses. The company provided an acceptable explanation for how payroll was charged to awards. No eligibility issues were substantiated.

This case is closed with no further action taken.
