MEMORANDUM OF INVESTIGATION

Case Number: I11120047

Page 1 of 1

Closeout Memorandum

OIG received an allegation stating that a PI¹ had listed collaborators² on an unfunded NSF proposal³ who had not in fact agreed to be listed. We determined that there was some merit to the allegation, and that it would be appropriate to send the PI a Questionable Research Practices letter in order to warn him against engaging in this type of activity in the future.

This case is closed, and no further investigative action is necessary.
