CLOSEOUT MEMORANDUM

Case Number: I12080057

Page 1 of 1

This case was opened in response to a hotline complaint that alleged a Principle Investigator¹ from a higher education institution² had not performed the work associated with a collaborative research proposal.³ Our review determined that the record retention period for the subject award had expired, and the institution no longer had the award records. Therefore, award records cannot be obtained or reviewed to assess the allegation.

This case is closed.
