CLOSEOUT MEMORANDUM

Case Number: I12100063

Page 1 of 1

This I Case was opened on a company¹ from a proactive review of SBIR/STTR companies that may not have adequate facilities. The company provided information showing they had their described facilities, the funds had been spent as laid out in the proposal, and the supporting investments were legitimately received. The investigative reviews of the Phase I and IB awards² to this company do not warrant further investigation.

As a result, this I Case is closed.
