CLOSEOUT MEMORANDUM

Case Number: I-12110082

Page 1 of 1

This case was opened following contact from a company¹ that requested to withdraw the letter of support it had provided for another company's² proposal for supplemental funding. We interviewed NSF staff regarding the letter of support and found that it was not required for the supplemental award, but concerns regarding the company's finances were raised.

We reviewed the company's expenditures and found no improper expenses. We compared proposals submitted by the company to other federal agencies and found no evidence of overlapping funding.

This case is closed with no further action taken.
