## CLOSEOUT MEMORANDUM

Case Number: I-13020009

Page 1 of 1

This case was opened from a proactive review which identified an awardee<sup>1</sup> which was expending an NSF award<sup>2</sup> at a rate significantly quicker than it was budgeted. We interviewed the award's Program Officer<sup>3</sup> and also requested supporting documentation from the awardee and reviewed the materials produced.

Our investigation concluded that the spending identified in the proactive review was allowable. We did not find evidence of any actionable misuse of NSF funds.

This case is closed with no further action taken.
