

NATIONAL SCIENCE FOUNDATION
WASHINGTON, D.C. 20550

Office of
Inspector General

MEMORANDUM

DATE: October 1, 1993
FROM: [REDACTED] Special Agent
VIA: [REDACTED] Special Agent-in-Charge
Investigations Section
SUBJECT: Allegation of Misuse of Funds at [REDACTED]
and Science Center
TO: Case No. I93070024

On June 30, 1993, we received an allegation of misuse of funds at the [REDACTED]. The allegation stated that Dr. [REDACTED], a supervisory worker under grant no. [REDACTED] admitted during an exit interview that he had incorrectly reported employees' time charged to the grant. This is an active grant; the Principal Investigator is Dr. [REDACTED].

Officials at the [REDACTED] found no evidence of misuse of funds. However, they did find a total of \$8,525 in overcharges to the grant, and stated that they will deduct this amount from their next request for funds. On October 1, 1993, we issued a memorandum to [REDACTED] the Grants Officer on this award, to ensure that the funds are deducted.

This case is closed.
