There was no closeout written at the time this case was closed. The following information was extracted from the file in conformance with standard closeout documents.

The complainant¹ informed our office that the subject² refused to work on their joint NSF grant during the summers of 1991 and 1992, despite collecting NSF-funded summer salary. In response to our query, the subject provided a written explanation of the work he performed to receive the summer salary under this grant, as well as financial records from the institution showing the charging of the subject's and the complainant's salaries to the university's account for this grant. The information provided by the subject was found sufficient to warrant the payment of the summer salary under the NSF grant.

Accordingly this case is closed.³

³ Other allegations by this complainant against this subject regarding their joint grant are addressed in OIG Case #M96090024.
