

MEMORANDUM

Date: March 31, 2000

To: File 197080042 [REDACTED]

From: [REDACTED] AIG

RE: Closeout— [REDACTED]

OIG Legal review identified possible anti-trust implications in actions that [REDACTED] had taken in it's cooperative agreement with NSF to administer internet address registration. On April 14, 1997, we referred this to the anti-trust division of DOJ. We were notified of DOJ's decision not to persue this case on March 31, 2000. This case is closed.
