CLOSEOUT MEMORANDUM

TO: AIGI

File Number: I-97110057

Date: 4/9/02

Subject: [REDACTED]

Page 1 of 1

Our office investigated possible false statements by Professor [REDACTED] and referred the case to the Civil Section, DOJ in Boston. The AUSA, [REDACTED], declined the case on 31 October 2001. Following a review of all the case documents, our office concluded that there was no administrative remedy applicable to the actions of [REDACTED], specifically that [REDACTED] exaggerated statements in reports to NSF and failed to make disclosure of financial interests. [REDACTED] sent NSF-OIG a letter dated 4 April 2002 agreeing to fully disclose his financial interest to his university, and to provide truthful, complete and accurate information in all future proposals, reports and written representations submitted to NSF.

[REDACTED] certification serves, as an assurance that federal interests related to his research will be safeguarded in the future. This case is closed.
