File No. I98090027

From:

Re:

Case Closeout [REDACTED]

Background:

We received allegations that [REDACTED] was purchasing non-grant related furniture and equipment with NSF grant money, and that she was using her NSF funding to pay the salaries of professors not performing research for the NSF grant.

Investigation:

We requested account summaries and source documentation from [REDACTED] for all equipment, books, software, travel, stipends, and non [REDACTED] tuition and fees. We reviewed the proposal budget and compared the salaries proposed to those listed in the account summaries. We verified that the furniture and equipment purchased with NSF money were being used for grant-related purposes.

Findings:

Review of information received from [REDACTED] indicated that all expenditures were supported by source documentation. This case is closed.
