

Closeout for M99080045

On August 31, 1999, the Office of Inspector General (OIG) received a letter alleging possible fabrication data by two research scientists¹ funded by NSF grants.² As this letter provided no specific details of this alleged fabrication of data, our office requested additional information from the complainant.³ However, the complainant could not provide any specific details or documentary evidence and agreed the allegation could be the result of a simple misunderstanding. Accordingly, this inquiry is closed.
